ROCKIT GIG

The Ultimate Lifestyle, Leisure & Rewards Company

Gigonomics Rewards Plan

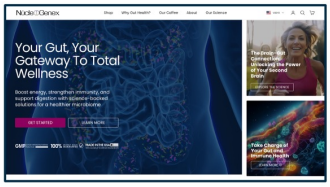

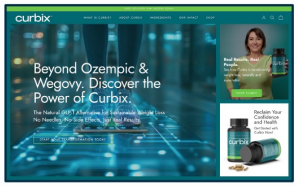

Version 25.05.01

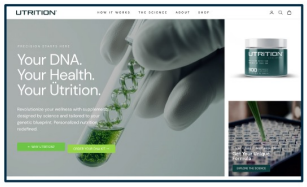

Rockit Gigonomics Rewards Plan

Rockit Gig is the official affiliate program for multiple businesses that market unique and one-of-a-kind products, like health and wellness, coffee, travel and weight loss.

Rockit Affiliates earn direct commissions from each and every business lane they sell products from.

Affiliates can also earn participation in the Rockit Gig Community Dividends, designed to reward hard work and dedicated sales efforts, while also having the ability to build a team.

Rockit Gig's exclusive rewards program has one of the highest direct commissions in the gig economy with a minimum of 33%, depending on the product or service lane.

30% Direct Commission (DC)

Earn 30% of products sold from the multiple business lanes directly related to an affiliate, including other affiliates personally enrolled.

- Every product you sell to your personal customers (and other affiliates), we pay you a direct commission every week, for the previous week's sales.

- All of your personal sales are part of your "Personal Sales Volume" or PSV and is used to help calculate qualifications into community dividends.

- When affiliates personally invite other affiliates into Rockit Gig, the new affiliate's customer sales also begin to be tabulated as part of the qualifications for community dividends. The aggregate of the combined sales is called "Team Sales Volume" or TSV.

CD Community Dividends (CD)

Earn your way into five different pools.

The Rockit Gigonomics Plan has one modo:
"The success of anyone anywhere, is the success of everyone everywhere."

Our plan is designed to help affiliates earn more than just personal direct sales commissions. We believe in rewarding the people who are truly putting in the work, and those rewards should include benefits from the entire community of affiliates. That's why we created Community Dividends.

Community Dividends are generated from all sales of all products of all businesses that Rockit Gig is affiliated with. These dividends are then divided into 5 distinct Community Dividends pools.

Rockit Gigonomics Rewards Plan

CD Community Dividends Requirements (CD)

The Community Dividends (CDs) is how you are you team's sales volume can qualify you to earn shares in our collective combined revenues from all product sales from all product lanes. These dividend pools are funded by both affiliate sales and company sales of all products, online, offline, wholesale or otherwise.

You can earn a share in all 5 dividend pools combined, which have no limitation of value as each business lane contributes an ever-growing amount of sales volume and each and every business lane grows.

Community Dividends qualifications are a simple metric of the total sales volume from your personal direct sales to customers and purchases from your personal enrolled affiliates, all bundled together to create what is called Personal Sales Volume or PSV.

You create Team Sales Volume (TSV) from your personally enrolled affiliate's PSV.
